

Capital Campaign A Huge Success!!

Because of the generosity of the people of Faith and their belief in the ministries of our congregation, the Capital Campaign was a great success! With the responses received for pledges over the next three years, added to monies donated at the end of 2017, the campaign realized 95% of its original goal of \$2.6M. This amount allows our building team to move forward with the architect and engineers to create an actual building plan for Phase I of the masterplan.

Thanks to all who donated, pledged, and/or helped in the campaign to allow our congregation to reach this milestone. Can you imagine what we will be able to do by adding "Space for Grace" at Faith Lutheran. Truly God is good!
